Preface

Maintenance of documentations services in national level is a main responsibility of the National Library and Documentation Services Board (NLDSB) .To fulfill this responsibility, National Library and Documentation Services Board compiles a number of documentation sources. Index to Postgraduate Theses is one of such important sources. This index includes the bibliographic information of postgraduate theses submitted by scholars to Sri Lankan Universities. I am thankful to the staff of the Bibliographic Control Division for compiling this index.

Introduction

The Index to Postgraduate Theses relevant to the period 1981-2000 was published few years ago. This is the second volume of the Index to Postgraduate Theses 2007-2010 . This index includes information on postgraduate theses available in Universities and Postgraduate Institutes in Sri Lanka. We received the assistance from heads of the institutions, Librarians and other relevant officers in compiling this index.

This index consists of three parts and the first part is the title Index. This part consists of basic bibliographic information such as degree awarding University or Institution, submitted year , language and location. Title index is arranged in alphabetical order. Second part is the author index and third part consists of title keyword index. I thank Bibliographic Control Division for compiling this Index.
